### Item 1

Mr. Ssemujju Benard is a 75-year-old senior citizen who has been so successful in almost all spheres of life, i.e. in marriage, in business, education etc. He is a renowned businessman who has been so instrumental in various ventures such as agriculture, transportation and fishing. His businesses have led to the growth of the area and recently, during labour day celebration, besides awarding him a medall as a model businessman, the president ordered that his business model should be adopted in all public and private universities on the study curricula.

He also gave him an invitation to be among the facilitators on business management in the forthcoming Skilling Uganda Workshop to be held at Hotel African on 24<sup>th</sup>/10/2024. However, this opportunity has found him struggling to fulfill his dream of writing a book about his life and business to inspire the next generation. Amazingly, he has already put together some information though in unprofessional manner. He also hopes that when his book is professionally organised, he will send a softcopy to the editorial team for review before the final printing.

### Task

As an ICT professional use appropriate files in support files provided.

- i) Help Mr. Ssemujju Benard fulfill his dream and also help him to prepare as a facilitator for the for his invitation for the workshop
- ii) Generate an annual budget for an average Ugandan with some simple statistics using Mr. Ssemujju data estimates

### Item 2

Team business financial services limited is a financing business venture which advances loans to its members, encouraging savings, financial advisory services, tax consultancy, property management. From the recent AGM members agreed to start serious online services using a website. They want their members to be in position to apply for loans online, to have a quick feedback response to their clients and others.

### Task

Develop an online platform that fulfills the above member's objectives A support folder called **team** has been provided containing some files which may be used in designing.

**END**
